

Uses limited only by your Imagination

- 1. Permanent Landscape Mulch that never fades or needs replacing. Glass Mulch is a unique alternative to traditional bark or gravel mulches.**
- 2. Keeps moisture in the ground, great for use in dry areas. Reflects the sunlight so vegetables and fruits ripen faster. Is a natural deterrent to slugs when used around the garden. Arts & Crafts uses are endless: Aquariums, Terrariums, Flower arrangements, and Picture frame borders.**
- 3. Safe to use with pets, such as snakes, hermit crabs and fish .**
- 4. Aggregate can be mixed as a decorative in Concrete, Countertops, Stepping stones, Driveways, Parking lots, Walkways, Garden paths and much more.**

Coverage: Approx. 6 sq. ft. 1" thick per 50#

Made from 100% Post Consumer Glass. Washed, Dried, & Graded. Environmentally friendly, green landscaping with no sharp edges.
